

Instructions on how to install and use the translation app

ICF Zurich

Step 1

Install the app "**Syntax Translations**" from your App Store. It is best to do this before the ICF Conference.

Step 2

Type in the following password/token in your app: **icfzh2019** and press "CONNECT" to join the event.

Step 3

Choose your desired language under the button "SOURCE" and then click on "CONNECT" to start the translation.

Steps 2 (password/token) and 3 (CONNECT) are only needed on the day of the event!

The following technical requirements are needed for the translation App:

- Android 4.2 or higher, iOS 8.0 or higher
- A headset for your smartphone/tablet
- Enough battery capacity for the smartphone/tablet, don't forget a power bank or the correct power supply adapter!

How can I access the WiFi from the Samsung Hall?

You have to register by using your cell phone number with the country code. You will then receive an access code via text message. To enter the WiFi use your cell phone number and this access code.
